

Guidelines for completing the Rotary Club of Peachland

LOCAL IMPACT GRANT APPLICATION

The purpose of the Peachland Local Impact Rotary grant is to enable local organizations to apply for grants from funds raised by the Peachland Rotary Club. Grant requests will be measured for merit of project, community betterment, and plans for future sustainability.

- Local Impact Grants applications will be accepted each quarter (January, April, July, and October) and will be considered during the month following the quarter.
- All requests should address and directly impact the community of Peachland in some way.
- Proposals are limited to one request per year per organization.
- Proposals will only be considered for projects which benefit the District of Peachland.
- Grant applications should be for projects of \$1000 or less. If there is a deserving grant request for more funding than the cap, the application will be referred to the Rotary Club of Peachland Executive Committee for their consideration and decision.
- Grants requests between \$250 and \$1,000 will be given primary consideration.
- Priority should be given to those requests which benefit the most number of people.
- Grants should maximise the impact of Peachland Rotary Club's financial and logistical resources donated to the Community.
- Grants will not be considered to fund individual causes, salaries, capital projects, or programs/projects that would be considered furthering religious or political endeavours.
- Our Club prefers to fund projects/activities that result in something "that we can put our name on" i.e. tangible and visible projects.
- The successful organization is required to submit a short feedback report on completion of the grant's expenditure and within a month of the project's conclusion.
- Additional information may be added to a grant application, however, the maximum number of pages, including the application form, should not exceed three pages.
- The submission of a budget with the grant application is also required.
- Return completed application form and supporting documents to the attention of the Club President
